PROFESSIONAL SUMMARY

Full Stack Developer with experience in MERN (MongoDB, Express.js, React.js, Node.js) and Python/Django. Skilled in building scalable, responsive web applications, REST APIs, and third-party integrations. Proven ability to deliver end-to-end projects with strong problem-solving skills and continuous upskilling in modern web technologies.

EXPERIENCE

- **Conversion Pro LLP** *Dec 2024 – Present*
  Associate Full Stack Developer Pune, Maharashtra
  - Developed an internal reporting dashboard using the MERN stack (MongoDB, Express.js, React.js, Node.js), enabling clients and admins to dynamically add, update, and manage dashboards and tasks in real time.
  - Working on a Shopify B2B e-commerce platform, handling customization, integrations, and performance optimization.
  - Integrating Shopify with Zoho CRM, Zoho Inventory, and Zoho Books to synchronize orders, customers, invoices, and inventory data.
  - Redesigned the complete export page for a global packers and movers company using HTML, CSS, JavaScript, and integrated with Salesforce to streamline form submissions and improve user experience.
  - Contributing to the redevelopment of a large-scale e-commerce platform, implementing ERP integrations and optimizing performance to enhance scalability and customer satisfaction.
  - Enhanced an education & training solutions platform by integrating course management with Arlo, enabling seamless automation workflows.
  - Provided support and collaboration on CMS-based projects (WordPress), ensuring timely delivery and adherence to quality standards.

- **Adityapur Auto Cluster** *Feb 2023 – Apr 2023*
  Web Development Intern Jamshedpur, Jharkhand
  - Built a music player website using JavaScript and Bootstrap, enhancing interactivity and responsive design.
  - Gained hands-on experience with full-stack development using HTML, CSS, JavaScript, Python, and Django.
  - Developed a to-do list application using JavaScript, showcasing strong front-end development skills.
  - Designed and implemented an e-learning platform using Django, demonstrating back-end development capabilities.

PERSONAL PROJECTS

- **Shop Smartly** *Live Demo ↗*
  Tools: MERN Stack (MongoDB, Express.js, React.js, Node.js)
  - Built a responsive e-commerce platform with JWT authentication, Redux state management, and Braintree payment gateway integration.
  - Designed a smooth and secure checkout flow, ensuring seamless user experience across devices.

- **Music Platform (Sangeet)** *Live Demo ↗*
  Tools: JavaScript, jQuery, Bootstrap
  - Designed a dynamic music player website with interactive UI and Formspree integration for user feedback.
  - Demonstrated full-stack deployment during internship.
